South Carolina Commis.
on Higher Education
Academic Affairs Divisi

Port College is an independent college. The college is a coeducational institution offering undergraduate degree. The college will admit students with high school diplomas or GED, SAT scores are not required. The founders of Port College developed the institution to serve from families who never had the opportunity to attend college. The usual class size is 10 students. Port College is currently house at 3900 Leeds Ave, North Charleston, SC 29405. The location currently is 5000sqft have 4 classrooms and a computer lab. Port College also has a student and faculty lounge at the college. The computer lab has a total of 15 computers so the students can do research or other things related to class assignments. The Port College President is Dr. Morris Roper a Claremont Graduate University along time graduate he brings great wisdom and knowledge to the college.

Port College will have one Dean and two Assistant Deans that working beside the President of Port College on a day to day base.

The Dean of the college is Dr. Watson N. Cleckley a South Carolina State University graduate a visionary with good education capabilities. The Assistant Dean is Dr. Juluis Barnes a Rice University graduate. Dr. Kimberly Elaine Brown a graduate of University of South Carolina she will be a big asset to Port College. Our mission is to provide a quality education in the lowcountry.
